

Figure 10 consists of two polar plots showing the radiation pattern of the 900-MHz antenna. The top plot is for a 100-ft antenna, and the bottom plot is for a 270-ft antenna. Both plots show the radiation pattern in the horizontal plane, with the main lobe at 0 degrees and a side lobe at 180 degrees. The plots include a legend for the radiation pattern and a table of radiation pattern data.

Top Plot: 100-ft Antenna

Plot: 100.00 ft
 Maximize: 900.00 MHz
 Resolution: 0.01 dB
 Resolution: 100.00%
 Date: 10/10/2002
 Antenna: 100.00

Bottom Plot: 270-ft Antenna

Plot: 270.00 ft
 Maximize: 900.00 MHz
 Resolution: 0.01 dB
 Resolution: 100.00%
 Date: 10/10/2002
 Antenna: 270.00

Questo faretto con un indice di resa cromatica superiore a 90 emette una luce brillante e di pregio.
